

Rob Menchenton, Fougere Menchenton Architecture Inc. (St. John's, NL)
NLAA, MRAIC

Educated at the Technical University of Nova Scotia (now Dalhousie School of Architecture), Rob has experience locally and internationally. He gained international experience as a student intern while working with Burkhard Entrup Architektür Büro in Berlin, Germany in 1996. In 1997, he returned to Canada, working in Halifax, Nova Scotia as an architectural acoustics specialist. Rob began his professional career in Newfoundland with the firm of Jerrett & Associates/EDM Consultants Limited in Deer Lake in 1998, where he worked until 2007.

In early 2008 Rob joined Ron Fougere Associates Ltd where he has more recently become a partner. His extensive experience includes large scale projects such as the new Academic Building at MUN Grenfell Campus. This building was the first use of structural curtain wall in Newfoundland and Labrador. While at his previous firm, Rob was also involved with complex projects such as the Deer Lake Stadium Upgrade and Expansion, a new City Hall for the City of Corner Brook, and an Extension to the Arts and Sciences Building at the MUN Grenfell Campus in Corner Brook. Rob brings a long history of technical construction and design experience. He brings a “beginning-to-end” management to projects for our clients.
